PROFESSIONAL SUMMARY

Frontend-focused MERN stack developer with internship and project-based experience building responsive web applications, CRM workflows, job portals, dashboards, and e-commerce interfaces. Skilled in React, JavaScript, Node.js, Express.js, MongoDB, REST APIs, authentication, and responsive UI development, with a focus on clean implementation and practical business workflows.

TECHNICAL SKILLS

Core Stack: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Mongoose

Frontend & UI: Tailwind CSS, Bootstrap, React Router, Responsive Web Design

Development: REST APIs, JWT Authentication, Git, GitHub, Vite, WordPress, Shopify

INTERNSHIP EXPERIENCE

Omninos Solutions | Web Development Intern

Jun 2023 - Nov 2023

- Built responsive and reusable web interfaces using HTML, CSS and JavaScript, with a focus on clear navigation, mobile-friendly layouts and consistent user experience.
- Implemented interactive UI components and DOM-based functionality, and manually tested responsive behaviour and key user interactions across different screen sizes.

Edureka | Full Stack Developer Intern

Apr 2021 - Oct 2021

- Developed a responsive restaurant-discovery web application with listings, search functionality and reusable interface sections.
- Built the frontend using HTML, CSS and JavaScript, and worked with Node.js, Express.js and MongoDB for backend functionality, API workflows and database integration. Tested key application flows, API responses and data-handling behaviour during development.

SELECTED PROJECTS

LeadFollow CRM | React, Node.js, Express.js, MongoDB

- Built tenant-scoped lead management workflows with authentication, lead CRUD, search, filters, notes, activity tracking, follow-ups, and public lead-capture forms.
- Implemented reports, templates, settings, admin controls, protected routes, and 14-day trial and manual plan workflows.

Indore Job Portal | React, Node.js, Express.js, MongoDB

- Developed responsive, role-based workflows for registration, login, job discovery, job details, applications, and user dashboards.
- Created user, company, job, and application models with JWT protection, security middleware, and duplicate-application prevention.

Ecommerce Website Demo | React, Vite, Tailwind CSS

- Created a seven-page responsive shopping experience with 16 demo products, search, category filtering, price sorting, product details, and related products.
- Implemented a persistent local-storage cart, quantity updates, item removal, checkout validation, and order-confirmation feedback.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Jun 2013 - Nov 2017

Swami Vivekananda Institute of Engineering & Technology, Banur, Punjab, India

LANGUAGES

Hindi, English
